

# PHARMACY STUDIES IN BRNO

Starting from the academic year 2009/10, the Faculty of Pharmacy opens

**a five year Master Study Programme in Pharmacy,**

compliant with the European Union 2005/36/EC.

The study is based on a **credit system** and offers a **wide range of optional courses** structured to facilitate the student's desired career in areas such as

- substance synthesis and analysis,
- analytic evaluation,
- biological effect assessment,
- molecular biology,
- basic pharmacological and clinical research,
- pharmaceuticals,
- economy and management in Pharmacy,
- practical pharmacy.

The **entrance examinations** consist of written test from biology (including botany) and chemistry with a correct answer to each of 35 questions from each of the two subjects awarded by one point. The maximum possible score is therefore 70 points. They will take place at the Faculty of Pharmacy or in other place according to the county of the applicant.

The **tuition fee** for the academic year 2009/10 has been set to 6 700 Euro.

Students can apply both **individually** or **through contracted agencies** in their countries.

**More information** on how to apply, legal details, curriculum of the programme and other issues can be found in respective sections of this website.
